

Tonacliffe Primary School Improvement Plan 2020 – 2022
Community Cohesion and Diversity: Equality Action Plan

Prioritised Areas for Development	
Focus 1: Equality as a whole	
Overview of Key Priorities 1	
<ul style="list-style-type: none"> These actions take into consideration equality and equity as a whole at Tonacliffe, encompassing all six strands. It aims to promote community cohesion and diversity whilst tackling discrimination and ignorance, as well as upholding and teaching tolerance, acceptance, empathy and unity so that it becomes an established ethos as part of the Tonacliffe Primary School philosophy. 	
Current Situation/ Critical Analysis	
<ol style="list-style-type: none"> We can show how we meet the Public Sector Equality Duty (PSED) through our Single Equality Duty Policy. Whilst equality is taken into consideration and Tonacliffe has a commitment to equality and diversity, there is no clear procedure for monitoring of equality. There is no lead on equality with no specific person overseeing the area. We deal with equality issues when they arise, but we are not proactive in having measures in place before they are needed or come to light. Some staff have concerns in regards to their understanding of some of the aspects within the strands of equality, including terminology. 	
Supporting Evidence	
<ol style="list-style-type: none"> Whole school equality audit. SLT meetings. 	
Required Changes	
<ol style="list-style-type: none"> Our commitment to equality and diversity must feed through the ethos of the school, with all pupils, parents and staff embedding community cohesion into daily practice. The school must become proactive in providing measures to ensure we are not only meeting the PSED but that we take this further by developing a culture and ethos where equality, diversity and community cohesion are entrenched within the school for all to observe. Under-represented groups participate in all areas of school life. Staff are aware of the different strands of equality and what equality means. They deliver principles of equality through daily teaching. 	
Proposed Outcomes	
<ol style="list-style-type: none"> Inclusion lead to oversee equality within school. Equality becomes a regular and sustained topic on SLT meeting agendas. The school appears welcoming to people of all cultures, races and faiths, with barriers to participation in school life disassembled. All staff are involved in the development and improvements within equality, community cohesion and diversity, and feel confident and able to do so. PSHE scheme of work is audited to ensure all strands of equality are taught as needed and at an appropriate level. The school council regularly discuss equality and are able to give a pupil voice in terms of equality objectives.

7. Governors are aware of the importance of the equality policy and are actively involved in the promotion and embedding of equality within school.
8. Signposting to be visible to support the whole school community.
9. The whole school curriculum actively includes all strands of equality and are explored when necessary and appropriate.

	<p>Signposting on LGBTQ+ organisations and information needs to be put onto the display board.</p> <p>December 2021: PSHE curriculum teaches understanding of same sex families and different family arrangements, and for older children terms such as homophobia and homosexuality. Resources do include same sex couples however more are needed. Signposting suitable for primary school aged children is needed.</p> <p>April 2022: NA</p> <p>July 2022: Tonacliffe Proud month was celebrated in school. Children discussed what LGBTQ+ is (it was decided in a staff meeting that this is the terminology our staff would rather use) and they talked about why they were proud of their selves and others. Children designed their own Pride flags and T shirts and these were displayed around school. Most classes made a display for Tonacliffe Proud month. Photographs of Tonacliffe Proud month and information was shared to parents on the newsletter. The equality lead is currently supporting a family where the son is questioning his gender and they have been signposted to Lancashire LGBTQ+ website which has lots of useful information for both parents and children.</p> <p><i>*All actions highlighted in green have been achieved.</i></p>

Current Situation/ Critical Analysis	

Tonacliffe Primary School Improvement Plan 2020 – 2022
Community Cohesion and Diversity: Equality Action Plan

1. All children with a disability are currently on the SEN register. This is because it is felt that all our disabled children have a special educational need. However, it needs to be considered whether it would be more appropriate to have a disability register as well as a SEN register, as not all children with a disability may have an educational need. This includes those children who suffer from a mental health problem.
2. The school uses a social model of disability (identifying and removing barriers) as well as a medical model.
3. We need to consider whether every disabled child has the same opportunities as non-disabled for example participation in sports clubs and competitions.
4. All SEN children have a pupil passport and good provision is in place for them.
5. EYFS teach and learn sign language as part of their everyday routine.

Supporting Evidence

1. Whole school equality audit.
2. SEN register.
3. Registers of SEN participation in extra curricular sports clubs.
4. Registers of SEN participation in sports competitions.

Required Changes

1. To create a disability register as well as a SEN register, taking into account those children with mental health problems.
2. Ensure all staff use a social model of disability.
3. To ensure provision is in place to enable disabled children to participate in all extra-curricular activities.

Proposed Outcomes

1. Staff can see and understand a clear difference between those children that have a specific learning need and those that have another need such as having a disability; both physically or mentally.
2. There is a register of those children that have a disability.
3. The school ensures that all staff and pupils follow a social model of disability as well as a medical model when appropriate.
