Tuesday 3rd September 2024

Dear parent/guardian,

As you are aware from letters sent out in July, your child will be taking part in Bikeability training in September.

Go Velo will be attending school to help teach the year five children Bikeability levels one and two. This supports the children cycling responsibly and carefully, including on roads.

On these days they need to bring their bike and helmet to school. They will need to bring these through the normal year five and six entrance where the bikes will remain locked up outside when not in use. If you wish for your child's bike to be left overnight between the training days, they need to leave these after school, unlocked, and staff will bring the bikes into school in the evening. If you requested a bike from Bikeability for this training, we require the £5 payment for this by Friday 6th September.

Your child will need to wear their PE kit on their training days. Please look at the weather and be prepared as your child will still be completing the training even if it is raining. This means your child may need to bring in waterproofs (including a waterproof coat) and spare clothing to change into. They may even want to bring a plastic bag to cover their seat whilst the bike is left outside.

Please see the table below which indicates which group your child will be in and therefore which days they will be completing the training.
