1. Context and Rationale

Tonacliffe Primary School is a one and half form entry primary school with nursery and is set in a semi-rural area of Lancashire (Rossendale Valley) on the border with Rochdale. Keeping children safe is at the heart of everything we do and we expect all stakeholders to adhere to this key principle.

Tonacliffe Primary School fully recognises the contribution we can make to protect children from harm and to support and promote the welfare of all children who are pupils at our school. This policy applies to all stakeholders; this includes pupils, staff, parents, governors, volunteers, placement students and visitors.

This policy will give clear direction to all stakeholders about expectations and our legal and moral responsibility to safeguard and promote the welfare of all children at our school.

Tonacliffe Primary School is committed to safeguarding and promoting the physical, mental and emotional welfare of every pupil. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken. We recognise that **no single professional can have a full picture** of a child's needs and circumstances. If children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance. It will be achieved by:

- Ensuring that members of the governing board, the headteacher, staff and all stakeholders understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse, and know to refer concerns to the DSL. In addition, to ensure that staff are aware that ANYONE can make a referral and understand professional challenge.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to, or is at risk of, abuse, neglect, or exploitation.
- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.
- Endeavour to provide a safe and welcoming environment where children are respected and valued; where the voice of the child is listened to and is paramount.
- Where it is believed that a child is at risk of or is suffering significant harm, the school will follow the procedures set out by our local Lancashire Safeguarding Children Partnership arrangements. [Reporting & Support - Children's Safeguarding Assurance Partnership \(safeguardingpartnership.org.uk\)](https://safeguardingpartnership.org.uk)
- The school will have due regard to Lancashire Children's Safeguarding Assurance Partnership (CSAP) Procedures Manual. https://panlancshirescb.proceduresonline.com/chapters/contents.html#ind_cases

2. Definitions

The terms “children” and “child” refer to anyone under the age of 18.

The purpose of this safeguarding policy is to ensure every pupil at Tonacliffe Primary School is safe and protected from harm. The Department for Education (DfE) ‘Keeping Children Safe in Education’

(September 2024), states safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- Providing help and support to meet the needs of children as soon as problems emerge.
- Protecting children from maltreatment, whether that is within or outside the home, including online.
- Preventing the impairment of children’s mental and physical health or development.
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all children to have the best outcomes.

Children can abuse other children. This is generally referred to as **child-on-child abuse** and can take many forms. This can include (but is not limited to) bullying (including cyberbullying, prejudice-based and discriminatory bullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; upskirting; initiating/hazing type violence and rituals; abuse in intimate personal relationships between children; consensual or non-consensual sharing of nudes or semi-nude images or videos, or causing someone to engage in sexual activity without consent.

For the purposes of this policy, “**sexual violence**” refers to the following offences as defined under the Sexual Offences Act 2003:

- **Rape:** A person (A) commits an offence of rape if they intentionally penetrate the vagina, anus or mouth of another person (B) with their penis, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Assault by penetration:** A person (A) commits an offence if they intentionally penetrate the vagina or anus of another person (B) with a part of their body or anything else, the penetration is sexual, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Sexual assault:** A person (A) commits an offence of sexual assault if they intentionally touch another person (B), the touching is sexual, B does not consent to the touching, and A does not reasonably believe that B consents.
- **Causing someone to engage in sexual activity without consent:** A person (A) commits an offence if they intentionally cause another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. This could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.

For the purposes of this policy, “**sexual harassment**” refers to unwanted conduct of a sexual nature that occurs online or offline, inside or outside of school. Sexual harassment is likely to violate a pupil’s dignity, make them feel intimidated, degraded or humiliated, and create a hostile, offensive, or sexualised environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence. Sexual harassment can include, but is not limited to:

- Sexual comments, such as sexual stories, lewd comments, sexual remarks about clothes and appearance, and sexualised name-calling.

- Sexual “jokes” and taunting.
- Physical behaviour, such as deliberately brushing against someone, interfering with someone’s clothes, and displaying images of a sexual nature.
- Online sexual harassment, which may be standalone or part of a wider pattern of sexual harassment and/or sexual violence. This includes:
 - The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
 - Sharing unwanted explicit content.
 - Upskirting.
 - Sexualised online bullying.
 - Unwanted sexual comments and messages, including on social media.
 - Sexual exploitation, coercion, and threats.

Upskirting refers to the act, as identified the Voyeurism (Offences) Act 2019, of taking a picture or video under another person’s clothing, without their knowledge or consent, with the intention of viewing that person’s genitals or buttocks, with or without clothing, to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Upskirting is a criminal offence. Anyone, including pupils and staff, of any gender can be a victim of upskirting.

Consensual and non-consensual sharing of nude and semi-nude images and/or videos, colloquially known as “sexting” and “youth produced imagery”, is defined as the sharing between pupils of sexually explicit content, including indecent imagery. This definition does not cover children under the age of 18 sharing adult pornography or exchanging messages that do not contain sexual images.

Indecent imagery is defined as an image which meets one or more of the following criteria:

- Nude or semi-nude sexual posing
- A child touching themselves in a sexual way
- Any sexual activity involving a child
- Someone hurting a child sexually
- Sexual activity that involves animals.

“Deep fakes” and “deep nudes” refer to digitally manipulated and AI-generated nudes and semi-nudes.

Consent is defined as having the freedom and capacity to choose to engage in sexual activity. Consent may be given to one sort of sexual activity but not another and can be withdrawn at any time during sexual activity and each time activity occurs. A person only consents to a sexual activity if they agree by choice to that activity and has the freedom and capacity to make that choice. Children under the age of 13 can never consent to any sexual activity. The age of consent is 16.

The designated teacher has a responsibility for promoting the educational achievement of CLA and previously CLA (PLAC), and for children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales. In our setting, this is Miss Amy Griffiths.

5. Training and Induction

Tonacliffe Primary School recognise the importance of ongoing staff training and development to keep staff aware of emerging issues and keeping the ethos of safeguarding high. Everybody has a role to play in safeguarding our children and we strive to ensure all staff are well informed and know what to do if they have any concerns. Staff members, governors and volunteers will undergo safeguarding and child protection training at induction, which will be updated on a regular basis and/or whenever there is a change in legislation.

The induction training will cover:

- The Child Protection and Safeguarding Policy including the Child-on-child Abuse and procedures.
- The Staff Code of Conduct
- Online Safety Policy
- Social Networking and Social Media Policy
- Part one and Annex B of 'Keeping children safe in education' (KCSIE 2024).
- The Positive Behaviour Policy.
- The Attendance Policy, including the safeguarding response to children who have unexplained absences or go missing from education.
- Appropriate child protection and safeguarding training, including online safety training.

- Information about the role and identity of the DSL and deputy DSL(s)
 - How to record concerns in your setting – CPOMS training
 - Health and Safety Policy
- Ensure records are kept on all inductions*

Following induction, Tonacliffe Primary School recognises the need to ensure continual, effective training to staff and other stakeholders. We will ensure:-

6. Multi-Agency Working

The school contributes to multi-agency working as part of its statutory duty. The school is aware of and will follow the local safeguarding arrangements. Further details on www.safeguardingpartnership.org.uk

The school will be fully engaged, involved, and share information with local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies.

The school will work with Children & Family Well – Being Team, CSC, the Police, Health services and other relevant partners and agencies for the benefit of families and children ensuring contribution to multi-agency plans to provide additional support.

Where a need for early help is identified, the school will allow access for CSC from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment.

Tonacliffe Primary School also recognises the particular importance of inter-agency working in identifying and preventing CSE and CCE.

- **Information sharing**

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

Considering the above, staff will be aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSL(s).

7. Early help

Early help means providing support as soon as the need emerges, at any point in a child's life. Staff at Tonacliffe Primary School recognise that any professional can provide early help. The school buys into school counselling support as a means of providing effective and timely early help for pupils experiencing emotional and mental health difficulties. There is a designated Early Help display board, which parents/ guardians can access at the school's main entrance and also a section on the school's website. Parents/ guardians can also seek the support of their child's class teacher. Parents/ guardians may be sign posted to external agencies who may be better placed to provide further advice and/ or support. Any pupil or family may benefit from early help, but staff will be alert to the potential need specifically for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- Have mental health needs.
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- Are frequently missing or going missing from care or from home.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised.
- Is misusing drugs or alcohol.
- Have family members in custody, or are affected by parental offending.
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Have returned home to their family from care.
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- Are displaying harmful sexual behaviours which may pose a risk to other children and themselves.

- Are persistently absent from education, including persistent absences for part of the school day, or not in receipt of full-time education.
- Show any other early signs of abuse, neglect any other identified reason not listed above that requires extra support or intervention to improve outcomes for families and children.
- Have experienced multiple suspensions and are at risk of, or have been, permanently excluded from school, alternative provision or a PRU.
- Have experienced bereavement.
- Viewing problematic or inappropriate online content or developing inappropriate relationships online.

The DSL and deputy DSLs will take the lead where early help is appropriate and consent has been gained. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required to help provide the right, effective support at the right time.

Early Help Assessment - information for professionals - Lancashire County Council

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review assessing the impact of the support.

We therefore ensure that:

- All staff and volunteers can identify the risk factors that indicate a family or pupil may benefit from Early Help and can follow school procedures to share this with the DSL.
- DSLs (or other appropriate school staff, for example, class teacher) will undertake a Family Early Help Assessment, when appropriate, to identify what Early Help is required.
- DSLs will signpost and refer to appropriate support agencies.
- DSLs will lead on TAF meetings where it is appropriate for them to do so.
- DSLs will follow the local safeguarding processes and refer to **Working Well with Children and Families in Lancashire** guidance using the Continuum of Need.

8. Abuse and neglect

Abuse is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing the ill treatment of others – this can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family, institutional or community setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

Physical abuse is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, biting, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child. Staff are aware of Female Genital Mutilation, a form of physical abuse.

Emotional abuse is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. **It may involve seeing or hearing the ill-treatment of another.** It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

Sexual abuse is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age. Sexual abuse can take place online, and technology can be used to facilitate offline abuse.

Neglect is defined as the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of a child's health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

- All staff will be aware of the indicators of abuse and neglect and be vigilant and always raise concerns with the DSL. All staff, especially the DSL and deputy DSL(s), will be aware that safeguarding incidents and/or behaviours can be associated with contextual factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms.)
- All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, radicalisation and the sharing of indecent images.
- ALL staff understand that children who perpetrate abuse or display harmful behaviour should be treated as victims first and foremost and supported in the same way a victim of abuse would be supported - Risk Assessments will be undertaken where a child's behaviour poses a risk to others, themselves or the environment.
- ALL staff and volunteers understand that there are specific and emerging ways in which children can be abused and are aware of these specific issues, reporting any concerns, in the appropriate manner to the DSL.

Specific issues include (but are not limited to):

9. Domestic abuse

In line with the Domestic Abuse Act 2021, **domestic abuse** is defined as abusive behaviour of a person towards another person where both are aged 16 or over and are personally connected. **Abusive behaviour** includes physical or sexual abuse, violent or threatening behaviour, controlling or coercive behaviour, economic abuse, psychological or emotional abuse, or another form of abuse.

The school will recognise the serious, long lasting emotional impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff will be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

Tonacliffe Primary School has a commitment to Operation Encompass, the information sharing agreement between police and school settings following police involvement in an incident of domestic abuse, or other potential crimes, and informing all stakeholders of the initiative.

The lead person for Operation Encompass is Mrs Joanne Heap www.operationencompass.org

10. Homelessness

The DSL and deputy DSL(s) are aware of the contact details and referral routes into the Local Housing Authority so that concerns and support over homelessness can be raised as early as possible. Indicators that a family may be at risk of homelessness include:

- Household debt
- Rent arrears
- Domestic abuse
- Anti-social behaviour
- Any mention of a family moving home because “they have to” or frequent moves.

Referrals to the Local Housing Authority do not replace referrals to CSC where a child is being harmed or at risk of harm. For 16- and 17-year-olds, homelessness may not be family-based and referrals to CSC will be made as necessary where concerns are raised.

11. Children absent from school

Staff will be aware a child being absent from school is a potential indicator of abuse or neglect and, as such, these pupils are particularly at risk of being victims of harm, sexual and criminal exploitation, forced marriage, female genital mutilation or radicalisation. Staff will monitor pupils that are absent from school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, and in accordance with the School Attendance Policy. The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school’s permission for a continuous period of 10 school days or more, in accordance with LA protocol.

Where reasonably possible schools and colleges **will hold more than one emergency contact number for their pupils and students.**

Tonacliffe Primary School will follow local guidance when children go missing from home <https://www.safeguardingpartnership.org.uk/missing-from-home-protocol-trigger-plan/>

12. Children attending an approved educational activity

An approved educational activity is where a pupil is attending another school at which they are registered or taking part in off-site activity such as field trips, educational visits, work experience or unregistered alternative provision.

Pupils can only be recorded as attending an off-site activity if it is approved by the school, of an educational nature and supervised by someone authorised by the school. Ultimately, school are responsible for the safeguarding and welfare of pupils taking part in an off-site educational activity so it would be reasonable to expect that the school would only authorise someone who was answerable to the school to supervise an activity. Such activities include:

- Attending a place other than the school
- Participating in a supervised sporting activity
- Educational visit or trip
- Work experience.

All relevant school policies continue to apply throughout any approved educational activity. Any activity which is approved will be risk assessed (where relevant) and school will ensure that attendance at any activity is monitored and robust communication is agreed with the provider/accompanying adults.

Remote education is not considered an approved educational activity. As set out in the DfE's guidance on 'Providing remote education', pupils who are absent from school and receiving remote education will be recorded as absent using the most appropriate absence code. School will monitor and record a pupil's engagement with remote education, but this is not formally tracked in the attendance register.

13. Child Criminal Exploitation (CCE)

Child criminal exploitation is defined as a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence (this could be online or through technology)

Specific forms of CCE can include:

- Being forced or manipulated into transporting drugs or money through county lines.
- Working in cannabis factories.
- Shoplifting or pickpocketing.
- Committing vehicle crime.
- Committing, or threatening to commit, serious violence to others.

The school will recognise that pupils involved in CCE are victims themselves, regardless of whether they have committed crimes, and even if the criminal activity appears consensual. The school will also recognise that pupils of **any gender** are at risk of CCE.

School staff will be aware of the indicators that a pupil is the victim of CCE, including:

- Associating with other children involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs or alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Appearing with unexplained gifts, money or new possessions.

Criminal exploitation of children can include **County Lines**. This is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or criminal networks / gangs groom and exploit children and young people to carry drugs and money into one or more areas. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked or the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered in addition to normal safeguarding procedures. School would liaise with a 'First responder Organisation' as details in part 4 of the guidance, to support and request a referral to the NRM.

As well as the general indicators for CCE, school staff will be aware of the specific indicators that a pupil may be involved in county lines, including:

- Going missing and subsequently being found in areas away from their home.
- Having been the victim or perpetrator of serious violence, e.g. knife crime.
- Receiving requests for drugs via a phone line, moving drugs, collecting money.
- Being found in accommodation they have no connection.
- Owing a 'debt bond' to their exploiters.
- Having their bank account used to facilitate drug dealing.

14. Child Sexual Exploitation (CSE)

Child Sexual Exploitation is defined as a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, for any of the following reasons:

- In exchange for something the victim needs or wants.
- For the financial advantage, increased status or other advantage of the perpetrator or facilitator.
- Through violence or the threat of violence, this could be online or through technology.

The school will recognise that CSE can occur over time or be a one-off occurrence, and may happen without the pupil's immediate knowledge, e.g. through others sharing videos or images of them on social media. The school will recognise that CSE can affect any pupil who has been coerced into engaging in sexual activities, even if the activity appears consensual; this includes pupils aged 16 and above who can legally consent to sexual activity. The school will also recognise that pupils may not realise they are being exploited and they believe they are in a genuine romantic relationship.

School staff will be aware of the key indicators that a pupil is the victim of CSE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.
- Having older boyfriends or girlfriends.
- Suffering from sexually transmitted infections.
- Displaying sexual behaviours beyond expected sexual development.
- Becoming pregnant.

All staff will consider the language and terms used when raising concerns and providing ongoing support to pupils who have experienced abuse through exploitation to ensure victims are not unintentionally blamed or seen as active participants in their own abuse.

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern remains, local safeguarding procedures will be triggered.

15. Concealed and Denied pregnancy

A concealed pregnancy is when a woman knows she is pregnant but does not tell anyone; or when she tells a professional but conceals the fact that she is not accessing antenatal care; or when she tells another person or persons and together they conceal the fact from all agencies. A denied pregnancy is when an expectant mother is unaware of or unable to accept the existence of her pregnancy. Physical changes to the body may not be present or be misconstrued; they may be intellectually aware of the pregnancy but continue to think, feel and behave as though they were not pregnant. There may be a number of reasons why a pregnancy is concealed or denied, including, but not limited to; fear of stigma or shame, in cases of rape, sexual or domestic abuse, forced or sham marriage, fear of a child being removed or asylum seekers and illegal immigrants who may be reluctant to come to the attention of authorities. In some cases the woman may be truly unaware that she is pregnant. In some cases an expectant mother may be in denial of her pregnancy.

Where there is a suspicion of a concealed or denied pregnancy, the school will follow the procedures set out by our local Safeguarding Children Partnership arrangements.

Further training is available for staff regarding concealed or denied pregnancy

16. Modern slavery

Modern slavery encompasses human trafficking and slavery, servitude, and forced or compulsory labour. This can include CCE, CSE, and other forms of exploitation.

All staff will be aware of and alert to the signs that a pupil may be the victim of modern slavery. Staff will also be aware of the support available to victims of modern slavery and how to refer them to the [National Referral Mechanism](#). (From The Modern Slavery Act 2015, Section 52) The public authority

bears this obligation where it has 'reasonable grounds to believe that a person may be a victim of slavery or human trafficking': School would liaise with a 'First responder Organisation' as details in part 4 of the guidance, to support and request a referral to the NRM.

17. FGM

FGM is defined as all procedures involving the partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

All staff will be alert to the possibility of a pupil being at risk of FGM, or already having suffered FGM. If staff are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with CSC and/or the police. The school's procedures relating to managing cases of FGM and protecting pupils will reflect multi-agency working arrangements.

As outlined in Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015), teachers are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a pupil under the age of 18. Teachers failing to report such cases may face disciplinary action. Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they must personally report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any such case with the DSL and involve CSC as appropriate. **NB:** This does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

All staff will be aware of the indicators that pupils may be at risk of FGM. While some individual indicators they may not indicate risk, the presence of two or more indicators could signal a risk to the pupil. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.

Indicators that a pupil may be at heightened risk of undergoing FGM include:

- The socio-economic position of the family and their level of integration into UK society.
- The pupil coming from a community known to adopt FGM.
- Any girl with a mother or sister who has been subjected to FGM.
- Any girl withdrawn from PSHE.
- Travel abroad or a long holiday with relatives to a country known to practise FGM.

FGM is included in the definition of '**honour-based' abuse (HBA)** which involves crimes that have been committed to defend the honour of the family and/or community. All forms of HBA are forms of abuse and will be treated and escalated as such. Staff will be alert to the signs of HBA, including concerns that a child is at risk of HBA, or has already suffered from HBA, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

18. Forced marriage

Forced marriage is defined as a marriage that is entered into without the full and free consent of one or both parties, and where violence, threats or any other form of coercion is used to cause a person to enter into the marriage. Threats can be physical, emotional, or psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent, e.g. due to some forms of SEND. Forced marriage is a crime in the UK and a form of HBA.

Staff who have any concerns regarding a pupil who may have undergone, is currently undergoing, or is at risk of forced marriage will speak to the DSL and local safeguarding procedures will be followed – this could include referral to CSC, the police or the Forced Marriage Unit. It will be made clear to staff members that they should not approach the pupil’s family or those with influence in the community, without the express consent of the pupil, as this will alert them to the concerns and may place the pupil in further danger.

19. Extremism & Radicalisation

For the purposes of this policy, “extremism” is defined by the government as the promotion or advancement of an ideology based on violence, hatred or intolerance, that aims to:

1. negate or destroy the fundamental rights and freedoms of others; or
2. undermine, overturn or replace the UK’s system of liberal parliamentary democracy and democratic rights; or
3. intentionally create a permissive environment for others to achieve the results in (1) or (2)

For the purposes of this policy, “radicalisation” refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

For the purposes of this policy, “terrorism” refers to an action that endangers or causes serious violence to a person or people, serious damage to property, or seriously interferes with or disrupts an electronic system. The use or threat of these actions must be designed to influence the government or intimidate the public, and be made for the purpose of advancing a political, religious or ideological cause.

Protecting pupils from the risk of radicalisation is part of the school’s wider safeguarding duties. The school will actively assess the risk of pupils being radicalised and drawn into extremism and/or terrorism. Staff will be alert to changes in pupils’ behaviour which could indicate that they may need help or protection. Staff will use their professional judgement to identify pupils who may be at risk of radicalisation and act appropriately, which may include contacting the DSL or making a Prevent referral. The school will work with local safeguarding arrangements as appropriate to ensure awareness of local & national incidents that may heighten the activity of extreme groups or cause increased curiosity of children.

The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms. Any concerns over radicalisation will be discussed with the pupil’s parents, unless the school has reason to believe that the child would be placed at risk as a result.

The DSL and the Prevent Lead will undertake the Lancashire Prevent partnership in depth training, available via the Lancashire Prevent partnership website. www.lancashirepreventpartnership.org.uk. All other staff should complete the online Home Office Prevent training as a minimum.

The DSL and the Prevent Lead are able to provide advice and support to other staff on how to protect pupils against the risk of radicalisation and will ensure that all staff and governors have received appropriate and up-to date training that is refreshed at least every two years.

The Online Safety Policy will support the safeguarding of children online by ensuring they cannot access terrorist and extremist material when using the internet and that suitable filtering and monitoring software and supervision is in place. Systems are regularly tested using technology such

as the testfiltering.com filter checking utility. Tonacliffe Primary School buys into a forensic monitoring system (Smoothwall) as an added layer of protection, which would flag up any attempts to access terrorist and extremist material.

- DSLs understand when it is appropriate to make a referral to the Channel Panel and are aware of how to do so. 'Notice. Check. Share.'

The Prevent duty

Under section 26 of the Counter-Terrorism and Security Act 2015, all schools are subject to a duty to have “due regard to the need to prevent people from being drawn into terrorism”, known as **the Prevent duty**, forming part of the school’s wider safeguarding obligations.

Tonacliffe Primary School will ensure that ALL Staff, Governors and volunteers are informed and have 'due regard to the need to prevent people from being drawn into terrorism', known as the 'Prevent Duty' and follow guidance from www.lancashirepreventpartnership.org.uk

20. Private fostering

Where a period of UK homestay lasts 28 days or more for a child aged under 16, or under 18 for a child with SEND, this may amount to private fostering under the Children Act 1989. Where the school becomes aware of a pupil being privately fostered, they will notify CSC as soon as possible to allow the LA/CSC to conduct any necessary checks.

21. Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary. They will receive a copy of 'Are you a young person with a family member in prison?' from Action for Prisoners' Families where appropriate and allowed the opportunity to discuss questions and concerns.

22. Child-on-Child abuse including sexualised abuse

Child-on-Child abuse is defined as abuse between children under 18 years of age.

Tonacliffe Primary School has a **zero-tolerance approach to abuse**, including child-on-child abuse.

Tonacliffe Primary School will refer to the specific guidance in Keeping Children Safe in Education 2024 Part five: Child on Child Sexual Violence and Sexual Harassment and Lancashire Procedures. [5.31 Peer Abuse \(proceduresonline.com\)](#)

All staff will be aware that child-on-child abuse can occur between pupils of any age and gender, both inside and outside of school, as well as online. All staff will be aware of the indicators of child-on-child abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that child-on-child abuse is not occurring. All staff will speak to the DSL if they have any concerns about child-on-child abuse.

All staff will understand the importance of challenge inappropriate behaviour between peers and will not tolerate abuse as “banter” or “part of growing up”.

Child-on-child abuse can be manifested in many different ways, including:

- Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- Abuse in intimate personal relationships between peers.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- Upskirting.
- Initiation and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group, and may also include an online element.

All staff will be clear as to the school’s policy and procedures regarding child-on-child abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

All staff will be made aware of the heightened vulnerability of pupils with SEND, who evidence suggests, are more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil’s SEND and will always explore indicators further.

All staff will be made aware of the heightened vulnerability of LGBTQ+ pupils, who evidence suggests, are also more likely to be targeted by their peers. In some cases, pupils who are perceived to be LGBTQ+, regardless of whether they are LGBTQ+, can be just as vulnerable to abuse as LGBTQ+ pupils. The school’s response to sexual violence and sexual harassment between pupils of the same sex will be equally as robust as it is for incidents between children of the opposite sex.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe. This process will be continually reviewed by the DSL / SLT.

The school’s procedures for managing allegations of child-on-child abuse are outlined in the Positive Behaviour Policy. Staff will follow these procedures, as well as the procedures outlined in the school’s Anti-Bullying Policy where relevant.

Tonacliffe Primary School and DSL will consider:

- The wishes of the victim in terms of how they want to proceed.
- The nature of the alleged incident.
- The ages of the children involved.
- The development stages of the children involved.
- Any power imbalance between the children.
- Is the incident a one-off or a sustained pattern of abuse.
- Are there ongoing risks to the victim, other children, school or college staff.
- Contextual safeguarding issues.

Following a report of sexual violence, the designated safeguarding lead (or deputy) will make an immediate risk and needs assessment, considering:

- The victim.
- The alleged perpetrator.
- All other children (and if appropriate adult students and staff).
- Risk assessments (if required) will be recorded and kept under review as a minimum termly.
- Refer to Guidance in Keeping Children Safe in Education Sept 2024, Part 5.

Where relevant, risk assessments will be written, informed by the voice of the children involved, consulted on with parents and shared on a need to know basis with relevant staff. and kept under review as a minimum, termly.

23. Serious violence

Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to:

- Increased absence from school.
- A change in friendships.
- Relationships with older individuals or groups.
- A significant decline in academic performance.
- Signs of self-harm.
- A significant change in wellbeing.
- Signs of assault.
- Unexplained injuries.
- Unexplained gifts or new possessions.

Staff will be made aware of some of the most significant risk factors that could increase a pupil's vulnerability to becoming involved in serious violence. These risk factors include, but are not limited to:

- Being male.
- Having been frequently absent from school.
- Having been permanently excluded from school.
- Having experienced child maltreatment or trauma.
- Having been involved in offending, such as theft or robbery.

Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.

24. Online Safety

Tonacliffe Primary School will adhere to the Online Safety Policy at all times and is committed to keeping children safe online. The school recognises that addressing online safety issues should form an integral part of the school's safeguarding arrangements.

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

The school will ensure that suitable filtering systems are in place on ICT equipment to mitigate opportunities for children to access inappropriate material. This system will be regularly monitored and reviewed with any inappropriate behaviours or searches being followed up appropriately. As previously mentioned, the school buys into an enhanced forensic monitoring system (Smoothwall), which is able to identify where attempts have been made to access inappropriate sites or where pupils have typed in inappropriate comments.

Further information regarding the school's approach to online safety can be found in the Online Safety Policy.

- When school become aware of an online safety issue that has occurred outside of school, it is managed in accordance with the Online Safety Policy and Positive Behaviour Policy.
- Staff will be aware that ongoing in-person monitoring is required in addition to the software in place as it is vital staff don't rely solely on IT systems as this may leave some children vulnerable.

Staff will be aware of the filtering and monitoring systems in place and will know how to escalate concerns where they are identified. Staff will be made aware of their expectations and responsibilities relating to filtering and monitoring systems during their induction.

- **Personal electronic devices**

The use of personal electronic devices, including mobile phones, smartwatches and cameras, by staff and pupils is closely monitored by the school, in accordance with the Personal Electronic Devices/Staff Code of Conduct and Handbook including AUP/ Behaviour Policy / Online Safety Policy.

Where photographs and videos will involve pupils who are CLA, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the designated teacher/deputy DSL to determine the steps involved. The designated teacher/ deputy DSL will, in known cases of pupils who are CLA or who have been adopted, liaise with the pupils' social workers, carers or adoptive parents to assess the needs and risks associated with the pupils.

Staff will report any concerns about pupils' or other staff members' use of personal electronic devices to the DSL, following the appropriate procedures. Tonacliffe Primary School is committed to keeping pupils safe by ensuring that electronic devices such as cameras, phones and tablets are used in an appropriate manner.

School will therefore ensure that:

- Informed parental consent is obtained to take and use photographs and/or videos of children, for use in school, to market the school or to share on social media / internet.

- Staff, visitors, volunteers and students do not use their own mobile phones or devices to take or record any images of children.

- **Upskirting**

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment for the purpose of upskirting. “**Operating equipment**” includes enabling, or securing, activation by another person without that person’s knowledge, e.g. a motion-activated camera.

Upskirting will not be tolerated by the school. Any incidents of upskirting will be reported to the DSL, who will then decide on the next steps to take, which may include police involvement.

25. Sharing nude and semi-nude images

Formerly referred to as ‘Sexting’, sharing nudes and semi-nudes is defined as *the sending or posting of nude or semi-nude images, videos or live streams online by young people under the age of 18. This could be via social media, gaming platforms, chat apps or forums.* (UKCIS, 2020)

UKCIS – Sharing nudes and semi-nudes: advice for education settings (UKCIS, 2024)

<https://www.gov.uk/government/publications/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people>

The school will ensure that all staff are aware to treat the sharing of indecent images as a safeguarding concern.

Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and expected for the age of the pupil, and sexual behaviour that is inappropriate and harmful. Staff will receive appropriate training around how to deal with such instances in the school community, including understanding motivations, assessing risks posed to pupils depicted in the images and how and when to report.

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised.

Where a member of staff becomes aware of an incidence of sharing nudes/semi-nudes that involves indecent images of a pupil, they will refer this to the DSL as soon as possible. Where a pupil confides in a staff member about the circulation of indecent imagery, depicting them or someone else, the staff member will:

- Refrain from viewing, copy, printing, sharing, storing or saving the imagery.
- Tell the DSL immediately if they accidentally view an indecent image and seek support.
- Explain to the pupil that the incident will need to be reported.
- Respond positively to the pupil without blaming or shaming anyone involved, and reassuring them that they can receive support from the DSL.
- Report the incident to the DSL.

The DSL will attempt to understand what the image contains **without viewing it** and the context surrounding its creation and distribution – they will categorise the incident into one of two categories:

- **Aggravated:** incidents involving additional or abusive elements beyond the creation, sending or possession of nudes and semi-nudes;- including where there is an adult involved, where there is an intent to harm the pupil or where the images are used recklessly.

- **Experimental:** incidents involving the creation and sending of nudes and semi-nudes with no adult involvement, no apparent intent to harm or reckless misuse.

Where it is necessary to view the imagery, e.g. if this is the only way to make a decision about whether to inform other agencies, the DSL should:

- Never copy, print, share, store or save them; this is illegal.
- Discuss the decision with the headteacher or a member of the senior leadership team.
- Make sure viewing is undertaken by the DSL (or equivalent) or another member of the safeguarding team with delegated authority from the headteacher or a member of the senior leadership team.
- Make sure viewing takes place with another member of staff present in the room, ideally the headteacher or a member of the senior leadership team.
- Wherever possible, make sure viewing takes place on the premises of the education setting, ideally in the headteacher or a member of the senior leadership team's office.
- Make sure wherever possible that they are viewed by a staff member of the same sex as the child or young person in the images.
- Record how and why the decision was made to view the imagery in the safeguarding or child protection records, including who was present, why the nudes or semi-nudes were viewed and any subsequent actions.
- If any devices need to be taken and passed onto the police, the device(s) should be confiscated and the police should be called.

The above summarised points are explained in further detail with important supporting guidance in the UKCIS guidance – Sharing nudes and semi-nudes: advice for education settings.

- **Sextortion**

There has been a large increase in reports of children and young people being forced into paying money or meeting another financial demand after an offender has threatened to release nudes or semi-nudes of them. This is financially motivated sexual extortion, a type of online blackmail often referred to as 'sextortion'. It is a form of child sexual abuse. Joanne Heap will ensure that staff are aware that this can happen and the school will follow guidance issued by the National Crime Agency.

26. Context of safeguarding incidents

Safeguarding incidents can occur outside of school and can be associated with outside factors. All staff, particularly the DSL and deputy DSL(s), will always consider the context of safeguarding incidents. Assessment of pupils' behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare. The school will provide as much contextual information as possible when making referrals to CSC/CFW or external agencies.

27. Pupils potentially at greater risk of harm

Tonacliffe Primary School recognises that some groups of pupils can face additional safeguarding challenges, and understands that further barriers may exist when determining abuse and neglect in these groups of pupils. Additional considerations for managing safeguarding concerns and incidents amongst these groups are outline below.

- **Pupils who need social workers**

Pupils may need social workers due to safeguarding or welfare needs. These needs can leave pupils vulnerable to further harm and educational disadvantage.

As a matter of routine, the DSL within each school will hold and use information from their LA about whether a pupil has a social worker in order to make decisions in the best interests of the pupil's safety, welfare, and educational outcomes.

Where a pupil needs a social worker, this will inform decisions about safeguarding, e.g. responding to unauthorised absence, and promoting welfare and educational outcomes, e.g. considering the provision pastoral or academic support and support with behaviour.

- **Home-educated children**

Parents may choose elective home education (EHE) for their children. In some cases, EHE can mean that children are less visible to the services needed to safeguard and support them.

In line with the Education (Pupil Registration) (England) Regulations 2006, Tonacliffe Primary School will ensure it informs their LA of all deletions from the admissions register when a pupil is taken off roll.

Where a parent has expressed their intention to remove a pupil from a school within the trust for EHE, the school and other key professionals, will coordinate a meeting with the parent, where possible, before the final decision has been made, particularly if the pupil has SEND, is vulnerable, and/or has a social worker.

Where children are removed from roll for Elective Home Education and there are safeguarding concerns, school will ensure that concerns are shared with the LA.

- **CLA**

Children most commonly become looked after because of abuse and/or neglect. Because of this, they can be at potentially greater risk in relation to safeguarding. Previously CLA, also known as care leavers, can also remain vulnerable after leaving care.

The school will ensure that the appropriate staff have the information they need, such as:

- Looked after legal status, i.e. whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order.
- Contact arrangements with parents or those with parental responsibility.
- Care arrangements and the levels of authority delegated to the carer by the authority looking after the pupil.

- **Pupils with SEND**

When managing safeguarding in relation to pupils with SEND, staff within the trust and its schools will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

- **LGBTQ+ pupils**

The fact that a pupil may be LGBTQ+ is not in itself an inherent risk factor for harm; however, staff will be aware that LGBTQ+ pupils can be targeted by other individuals. Staff will also be aware that, in some cases, a pupil who is perceived by others to be LGBTQ+ (whether they are or not) can be just as vulnerable as pupils who identify as LGBTQ+.

Staff will also be aware that the risks to these pupils can be compounded when they do not have a trusted adult with whom they can speak openly with. All staff will endeavour to reduce the additional barriers faced by these pupils and provide a safe space for them to speak out and share any concerns they have.

- **Adverse Childhood Experiences and trauma**

We acknowledge that children who have experienced adverse childhood experiences and trauma may be at increased risk of developing health and social difficulties.

All staff will be made aware of the long-lasting impact of experiencing adversity and the lasting effect trauma can have on a child's development.

Where a pupil is known to have experienced trauma, appropriate arrangements will be made to provide support based on the needs of the pupil and in line with all relevant guidance and policies. This may include close multi-agency working with external services.

28. Extracurricular activities and clubs and use of school premises by external organisations

Extra-curricular activities and clubs hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSC or the police, if necessary.

Tonacliffe Primary School will always consider safeguarding arrangements when an extracurricular activity or club is arranged in view of DSL availability or ensuring that a transfer of control document has been completed for external agencies and the school is satisfied that the agency has appropriate safeguarding policies and procedures in place.

Where the governing board/body hires or rents out school facilities or the school premises to organisations or individuals, e.g. for providers to run community or extracurricular activities, it will ensure that appropriate safeguarding arrangements are in place to keep pupils safe. The school will refer to the DfE's guidance on keeping children safe in out-of-school settings in these circumstances.

Where the governing board provides the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, the governing board will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. The governing board will also ensure that there are arrangements in place to liaise with the school on these matters where appropriate. The governing board will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a

lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

29. Alternative provision

The school will remain responsible for a pupil's welfare during their time at an alternative provider. When placing a pupil with an alternative provider, the school will obtain or conduct written checks that the provider has conducted all relevant safeguarding checks on staff, have effective policies and ensure clear communication procedures in place in view of attendance. The checks will be regularly updated and stored centrally.

30. Managing referrals

All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed. When making a referral to CSC or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.

The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved. The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.

The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSC. Where CSC decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm. Where CSC decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.

At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so. Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm. The school will work closely with parents to ensure that the pupil, as well as their family, understands the arrangements in place, such as in-school interventions, is effectively supported, and knows where they can access additional support.

If the school are dissatisfied, local escalation procedures will be followed. [8.1 Resolving Professional Disagreements \(Escalation and Conflict Resolution\) \(proceduresonline.com\)](#)

31. Concerns about staff and safeguarding practices

If a staff member has concerns about another member of staff (including supply staff, volunteers and persons who use/hire the school premises), it will be raised with the headteacher. If the concern is with regards to the headteacher, it must be referred to the chair of governors, Mr Steve Oxford.

Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy. If a

staff member feels unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).

32. Allegations of abuse against staff and low-level concerns

There are clear policies in line with those from the CSAP (Children's Safeguarding Assurance Partnership) for dealing with allegations against people who work with children.

All allegations against staff, supply staff, volunteers, contractors and any person who may use or hire the school premises, will be managed in line with the school's Whistleblowing Policy – a copy of which will be provided to, and understood by, all staff at induction. The school will ensure all allegations against staff, including those who are not employees of the school, are dealt with appropriately and that the school liaises with the relevant parties.

When managing allegations against staff, the school will recognise the distinction between allegations that meet the harms threshold and allegations that do not, also known as "low-level concerns". Allegations that meet the harms threshold include instances where staff have:

- Behaved in a way that has harmed a child or may have harmed a child.
- Committed or possibly committed a criminal offence against or related to a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved, or may have behaved, in a way that indicates they may not be suitable to work with children.

All staff at Tonacliffe Primary School are aware of these procedures and aware of the following expectations and protocol:-

- ALL staff and volunteers are aware that they must refer allegations or concerns around staff (including supply staff and volunteers) conduct to the Headteacher
- ALL staff and volunteers are aware of the requirement to, and process of referring allegations or concerns around the Headteacher to the nominated Governor and how to contact them
- The Headteacher and/or Chair of Governors will discuss the allegation with the Local Authority Designated Officer (LADO)
- CSAP procedures for dealing with allegations against staff will be followed http://panlancashirescb.proceduresonline.com/chapters/p_allegations.html
- ALL staff and volunteers remember that the welfare of the child is paramount and that they have a duty to inform **HT** if any adult's conduct gives cause for concern
- All staff recognise the importance of sharing and reporting low-level concerns (see below guidance on low-level concerns) surrounding staff or any adult in a position of trust to the **HT**.
- ALL staff are aware of the school's Whistle Blowing Policy which enables staff to raise concerns or allegations in confidence and for a sensitive enquiry to take place
- Staff are fully aware of Guidance for Safer Working Practice 2022 and Staff Code of conduct, Staff Handbook and related policies and are aware of professional expectations of their own behaviour and conduct.
- Further information, LADO referral information and flowchart of how allegations are managed: [Local Authority Designated Officer \(LADO\) - Lancashire County Council](#) includes the threshold matrix.
- Referrals will be made using the required format below when necessary.

https://my.apps.lancashire.gov.uk/w/webpage/request?form=management_of_allegations_notification

Tonacliffe Primary School recognises that children may make disclosures against someone who is in a position of trust / is working or volunteering with children, not in the school setting. This may be an adult in a place of worship, a sports coach or a club leader. After ensuring that the child is safe, we recognise that we must refer to the LADO and share information.

- **Low Level Concerns**

Tonacliffe Primary School ensure that all staff are aware of how to recognise and report **low level concerns** around staff behaviour or conduct.

The term 'low-level' concern does not mean that it is insignificant. A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and
- does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.

Examples of such behaviour could include, but are not limited to:

- being over friendly with children
- having favourites
- taking photographs of children on their mobile phone, contrary to school policy
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door, or
- humiliating pupils.

Tonacliffe Primary School will promote an open and transparent culture in which all concerns about all adults working in or on behalf of the school or college (including supply teachers, volunteers, contractors or those that have hired/let the premises) are dealt with promptly and appropriately. Tonacliffe Primary School will strive to embed a culture of openness, trust and transparency in which the school's values and expected behaviour set out in the staff code of conduct are lived, monitored and reinforced constantly by all staff.

Tonacliffe Primary School will ensure that staff are encouraged and feel confident to self-refer, where, for example, they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards.

All staff are clear on how to report low level concerns and will be empowered to do so. Staff must report their concerns to the Head teacher Mrs Joanne Heap. If concerns are surrounding the Head teacher, this must be referred to the Chair of Governors Mr Steve Oxford. Guidance from Keeping Children Safe in Education, September 2024, will be followed in view of recording and storage of such concerns.

If in doubt whether the concern is a low-level concern, the HT will consult with LADO for guidance.

The governing body will ensure low level concern procedures and staff behaviour expectations are clearly addressed within the staff code of conduct and procedures are implemented effectively,

ensuring that appropriate action is taken in a timely manner to safeguard children and facilitate a whole school or college approach to dealing with any concerns.

33. Safer recruitment

- Tonacliffe Primary School is committed to keeping pupils safe by ensuring that adults who work or volunteer in school are safe to do so. We therefore ensure that:
- Keeping Children Safe in Education, September 2024, Part 3 guidance is adhered to, to ensure that there is a strong reference and commitment to safeguarding during advertisement, selection and recruitment of new staff.

An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

- Are responsible on a daily basis for teaching, training, instructing or the care or supervision of children.
- Regularly work in the school at times when children are on the premises.
- Regularly come into contact with children under 18 years of age.
(Regular is defined as; at least 3 times in a 30-day period.)

The governing board will conduct the appropriate pre-employment checks for all prospective employees.

School will ensure that:

- The appropriate DBS and suitability checks will be carried out for all governors, volunteers, and contractors. The DfE's DBS Workforce Guides will be consulted when determining whether a position fits the child workforce criteria.
- The original DBS certificate is seen for all appointees to the school, even where the on-line DBS system indicates that the check is clear.
- There are sufficient staff/Governors who have undertaken appropriate Safer Recruitment training in the last 5 years and reached the required standard as verified by the course facilitators, to enable at least one person on every recruitment panel to be appropriately trained and there are at least 2 people on each selection panel.
- Written assurances will be obtained from agencies and other employers that provide staff to work in school, to confirm that appropriate pre-employment checks have been undertaken in line with Keeping Children Safe in Education, September 2024.
- Individual identity checks will be undertaken on those staff detailed above to ensure they are employees of the named agency/employer.
- Conduct an online search as part of our due diligence on shortlisted candidates. This may help identify any incidents or issues that have happened, and are publicly available online and will inform shortlisted candidates of this procedure.
- A transfer of control agreement will be used where other agencies/organisations use school premises and are not operating under school's safeguarding policies and procedures.
- Adults who are involved in the management or provision of child care of children in Early Years, or in out of school provision for children up to 8 years old, will make a declaration that they are not disqualified under the Child Care Act 2006.

- When an issue is declared, advice will be sought from Ofsted about the need to apply for a waiver. If a waiver is necessary, a risk assessment will be carried out and proportionate measures put in place until a waiver has been issued or matters resolved. If it is not resolved, this must be reported:- disqualification@ofsted.gov.uk
- Advice will be sought from Human Resources, LADO and/or Schools Safeguarding Officers if any staff are unclear about any aspects of Safer Recruitment.
- **Referral to the DBS**

There is a legal requirement for schools and colleges to make a referral to the DBS where they remove an individual from regulated activity (or would have removed an individual had they not left), and they believe the individual has:

- engaged in relevant conduct in relation to children and/or adults, and/or
- satisfied the harm test in relation to children and/or vulnerable adults, and/or
- been cautioned or convicted of a relevant (automatic barring either with or without the right to make representations) offence.
- **Single central record (SCR)**

The school keeps an SCR which records all staff, including agency, third-party supply staff and teacher trainees on salaried routes, who work at the school, even if they work for one day.

The following information is recorded on the SCR:

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- A check of professional qualifications, where required
- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK
- Any other information deemed relevant.

If any checks have been conducted for volunteers or Governors, these may also be recorded on the SCR. If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, (with/without a barred list check, depending on whether they are in regulated activity), the risk assessment will be recorded.

The details of an individual will be removed from the SCR once they no longer work or volunteer at the school.

34. Review

This Policy is subject to ongoing review; however, will be reviewed no later than September 2025. All staff have received a copy of this policy.

Appendix 1 Allegations of abuse and low-level concerns made against staff

At Tonacliffe Primary School we believe in the importance of setting a positive, open and transparent culture whereby any concerns can be identified, shared responsibly (with the right person), recorded and dealt with appropriately and spoken about openly. This is crucial and a key element of providing a strong safeguarding system. By doing this we strive to identify concerning, problematic or inappropriate behaviour early in order to minimise the risk of abuse. All adults working in and on behalf of Tonacliffe Primary School are clear about professional boundaries, and they understand they must act within them in accordance with our values and ethos.

This policy must be read in conjunction with CSAP procedures for dealing with allegations against staff
http://panlancshirescb.proceduresonline.com/chapters/p_allegations.html

Section 1: allegations that may meet the harms threshold

This section is based on 'Section 1: Allegations that may meet the harms threshold' in part 4 of Keeping Children Safe in Education.

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- › Behaved in a way that has harmed a child, or may have harmed a child, and/or
- › Possibly committed a criminal offence against or related to a child, and/or
- › Behaved towards a child or children in a way that indicates they may pose a risk of harm to children, and/or
- › Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school

If we're in any doubt as to whether a concern meets the harm threshold, we will consult our local authority safeguarding team (Victoria Wallace/ Mechelle Lewis), our designated officer (LADO) Tim Booth and our local authority human resources manager (Sarah Duckworth).

We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headteacher, or the chair of governors where the headteacher is the subject of the allegation. The case manager will be identified at the earliest opportunity.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension of the accused will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- › Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- › Providing an assistant to be present when the individual has contact with children
- › Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- › Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents/carers have been consulted
- › Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the local authority

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

Definitions for outcomes of allegation investigations

- › **Substantiated:** there is sufficient evidence to prove the allegation
- › **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- › **False:** there is sufficient evidence to disprove the allegation
- › **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- › **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- › Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below.
- › Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- › Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- › Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate.
- › Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care.
- › **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details.
- › **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation.

- › **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate.
- › Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate. See also the Handling Allegations Summary in the staff handbook documents. Signpost the individual to their trade union representative and where necessary to occupational health medical and counselling support.
- › Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice.
- › Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member).
- › Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

Early years providers:

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

All schools:

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply teachers and all contracted staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.

- › We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome.
- › The governing body will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation.
- › We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required.

- › We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary).

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

We will deal with all allegations as quickly and effectively as possible and will endeavour to comply with the following timescales, where reasonably practicable:

- › Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- › If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- › If a disciplinary hearing is required and can be held without further investigation, this should be held within 15 working days

However, these are objectives only and where they are not met, we will endeavour to take the required action as soon as possible thereafter.

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated, unfounded, false or malicious reports

If a report is:

- › Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is

in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate.

- › Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it.

Unsubstantiated, unfounded, false or malicious allegations

If an allegation is:

- › Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate.
- › Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it.

Confidentiality and information sharing

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared.
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality.
- What, if any, information can be reasonably given to the wider community to reduce speculation.
- How to manage press interest if, and when, it arises.

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case.

The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file).

For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

References

When providing employer references, we will:

- › Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious.
- › Include substantiated allegations, provided that the information is factual and does not include opinions.

Learning lessons

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

Non-recent allegations

Abuse can be reported, no matter how long ago it happened.

We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations.

Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

Section 2: concerns that do not meet the harm threshold

The section is based on 'Section 2: Concerns that do not meet the harm threshold' in part 4 of Keeping Children Safe in Education.

This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above.

Concerns may arise through, for example:

- › Suspicion
- › Complaint
- › Safeguarding concern or allegation from another member of staff
- › Disclosure made by a child, parent or other adult within or outside the school
- › Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

Definition of low-level concerns

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- › Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, **and**
- › Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- › Being overly friendly with children
- › Having favourites
- › Taking photographs of children on their mobile phone
- › Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- › Humiliating pupils

Sharing low-level concerns

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to confidentially share low-level concerns so that they can be addressed appropriately.

We will create this culture by:

- › Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- › Empowering staff to share any low-level concerns as per the child protection policy
- › Empowering staff to self-refer
- › Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- › Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- › Helping to identify any weakness in the school's safeguarding system

Responding to low-level concerns

If the concern is raised via a third party, the headteacher will collect evidence where necessary by speaking:

- › Directly to the person who raised the concern, unless it has been raised anonymously
- › To the individual involved and any witnesses

The headteacher will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's code of conduct and the LADO threshold matrix. The headteacher/ DSL will be the ultimate decision-maker in respect of all low-level concerns, though they may wish to collaborate with the deputy DSLs.

The following document provides examples of case studies https://www.farrer.co.uk/globalassets/brochures/safe_low-level-concerns-guidance-2021-as-at-june-2022.pdf

Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken.

Records will be:

- › Kept confidential, held securely and comply with the DPA 2018 and UK GDPR.
- › Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 1 of this appendix, we will refer it to the designated officer at the local authority.
- › Retained at least until the individual leaves employment at the school.

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

References

We will not include low-level concerns in references unless:

- › The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- › The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance
